Art Unit: 1713

Amendments presented in the reply of April 2, 2007 are acknowledged and deemed to obviate the objection, Section 112 rejection and prior art rejections set forth in the previous Office action. Claims 1-3 and 5-27 remain pending and under examination herein.

The specification is objected to as failing to provide proper antecedent basis for the claimed subject matter. See 37 CFR 1.75(d)(1) and MPEP § 608.01(o). Correction of the following is required: the lack of proper antecedent basis for the “and/or” connector between features b) and c) as recited in claim 1. The most relevant portion of the specification uses only “and” in describing the corresponding features [i.e., c.) *and* d.); see page 6, lines 11-15].

Claims 1-3 and 5-27 are allowable on the present record.

This application is in condition for allowance except for the following formal matters:

Specification objection as detailed above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm’r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
